

Beckers

Becker Acroma

Wood coatings for all application areas

From an exquisite dining table to an exterior window frame, from a walnut door trim on a luxury car to a veneered oak cabinet in a budget kitchen range - whether you need a high quality finish, lasting protection, or a combination of the two, Becker Acroma has a product to suit your application and meet your performance specification.

Furniture

The range of woodfinishing products we offer is unequalled, from traditional solvent based, through EPA compliant systems, to fully waterborne and U/V solutions.

Shopfitting

In addition, our team of highly trained experts are on hand to provide you with prompt, first class technical advice and support.

Kitchens and Bathrooms

Their extensive product and application knowledge is backed up by the resources of our UK Technical Centre at Haverhill. And, of course throughout the Group, we have access to world experts in all aspects of woodfinish technology. Whatever your technical need, you can be sure Becker Acroma has the answer.
